

No more lab visits

Now, get your blood samples collected at your home at your convenience

Saifee Hospital offers

Home Sample Collection Service

No more early morning wake-up calls, No more traveling. Thus saving your valuable time, effort and money. **One phone call and our expert technician will come right at your doorstep**, to draw the blood sample as per the protocol. The samples are then brought to Saifee Hospital for further processing. "Home Sample Collection Service" of Saifee Hospital will make your investigations hassle free.

This service is the ideal solution for the busy metro population, which is always running against time. It is suitable for senior citizens, people with disabilities and for people who prefer the comfort and privacy of their homes.

This highly personalised service is available at a charge of

Rs. 100/-

per patient, per visit

including courier charges within Mumbai limits.
